

**OFFICE OF THE DEAN INTERNATIONAL STUDENTS
PANJAB UNIVERSITY, CHANDIGARH**

Hundreds of foreign students apply every year to Panjab University and its affiliated colleges. In these candidates, some are financed by their respective countries and some candidates come at their own. Some students also apply through ICCR, Embassy as well as other partners with whom Panjab University signed MoU.

From the academic session i.e. 2018-2019, the admissions have been started online. The candidates from the foreign countries cannot apply through online mode due to non-availability of the option of foreign Universities in online admission system portal and due to the reason of that initially they have to complete visa, passport and eligibility formalities. This process takes a long way. It is not possible for the candidates to complete such a long process within a stipulated period and may be late fee admissions. Candidates can apply after taking eligibility certificate from Panjab University only. Hence keeping in view on the circumstances the DUI has allowed the Foreign Nationals to apply offline.

Therefore, Foreign Nationals are exempted from online process and their application forms may be accepted offline which is available at the link:

Kindly bring it to the notice of Foreign Nationals in your Department/College.
